## About the Conference

The grand canvas of Bharath, known for its rich cultural heritage, diverse cultures, traditions and ancient wisdom, stands at the threshold of a significant juncture. As we approach the centenary milestone of Bharath's independence in 2047, it becomes vital to envision the nation's trajectory, aspirations and ambitions for the forthcoming century. Science and technology development in post-independence India has been defined by tremendous breakthroughs and advances. India has progressed from a country battling for basic technological infrastructure during its independence to a worldwide performer in a variety of disciplines of science and technology today.

Vivekananda college of Arts, Science and Commerce (Autonomous) Puttur is organizing the national conference on **"BHARATH AT 2047: A Centenary Vision"** in association with ICSSR (Indian Council of Social Science Research) on **March 11th and 12th 2024**.

The main purpose of the conference is to provide a platform for inter cultural disclosure on development experiences of post independent efforts from all sectors. This two-day event intends to explore multifaceted aspects crucial to India's growth, integrity and global positioning as it progresses toward the year 2047. The seminar will explore into historical reflections, examining India's journey since 1947. Distinguished academicians, social scientists, historians and policymakers will share insights on India's socio-economic evolution, political transformations and cultural developments, offering a comprehensive view of the country's progress.

## Objectives

The main purpose of the conference is to provide a platform for inter cultural disclosure on development experiences of post independent efforts from all sectors.

The Specific objectives are :

- To review the developmental experience of independent India.
- To identify the potential areas such as economics, social sciences, commerce and management that contributes to development of India.
- To identify Challenges ahead and Prospects
- To evaluate policy initiatives and mechanisms leading towards centenary vision
- To design an action plan for the next 24 years to celebrate Centenary
